

Abdulrahman Rafat

Front-End Developer (React.js)

✉ mosallamabdulrahman@gmail.com ☎ 01021688499 📍 Qalyubia, Shubra El Kheima

Profile

Front-End Developer with a strong background in building high-performance, responsive web applications. Expert in React.js and modern JavaScript (ES6+), with a proven track record of converting complex Figma designs into pixel-perfect, accessible code. Proficient in Tailwind CSS and Bootstrap for rapid UI development. Experienced in state management and integrating RESTful APIs to deliver dynamic user experiences. Committed to clean code, performance optimization, and seamless collaboration using Git/GitHub.

Professional Experience

Front-End Developer, Mosalam.com/ Freelance	08/2024 – Present Egypt
- Develop and maintain high-performance user interfaces using React.js or Vanilla JavaScript to ensure dynamic and interactive user experiences. - Transform complex Figma designs into pixel-perfect, responsive web pages using Tailwind CSS or Bootstrap. - Integrate RESTful APIs and manage application state to fetch and display dynamic data accurately. - Improve website speed and performance while making sure the design works perfectly on all browsers and devices. - Collaborate with teams and manage version control using Git and GitHub to maintain clean and scalable codebases.	

Education

Bachelor of Business Administration (Arabic Section), <i>Benha University - Faculty of Commerce</i> Currently in 4th Year	2026
--	------

Skills

HTML & CSS Proficient	React.js Competent
